CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

I'm reproducing an article from The Clevelston News in which my friend Editor Carr Settle has some nice things to say about the new executive vice-president of the sugar company—Charles E. Wetherald. From the way Editor Settle talks about Mr. Wetherald there is a possibility that in the future the sugar company will be humanized. During the past few years—under Bittling's direction—the organization had become a cold blooded mechanical institution about which folks were always saying unkind things. Actions of some of the higher-ups in the company brought about these unfriendly remarks. Despite the fact that the company has spent thousands of dollars to promote public relations, home-folks in the Lake area in many instances have referred to some in the Clevelston office as a bunch of so-and-sos. I'm inclined to believe that these references in many cases were entirely right. When you take a field hand, dress him up in a white collar and give him a little bit of authority, then look out! It's hard to tell what will happen next. And, that is the case in many instances with the sugar company. Anyway, with Mr. Wetherald at the helm, there is possibility that things will take on a friendlier tone. At least, I am sure that I speak for a majority of the people on Lake Okeechobee when I say, I hope so.

Funeral Held For Mrs Thelma Bender

Thelma (Honey) Bender, 27, wife of George Bender of Belle Glade, died Monday following a major operation at Johns Hopkins hospital in Baltimore, Md. Her husband was with her at the time of her death.

Funeral services were held at the Baptist church in Belle Glade at 2 p. m. Thursday, with burial in West Palm Beach cemetery. Pallbearers were: Chris Green, Jerry McKee, Hubert Hillery, J. W. Mosley, Frank Dooley and Casper Van Landingham.

Mrs. Bender, one of the most popular members of the younger set in Belle Glade, had been in ill health for some time. She was born in Fort Lauderdale and came here as a bride 11 years ago.

SPECIAL PROGRAM AT PAHOKEE BAPTIST CHURCH

Supt. Johns of the Baptist Orphanage at Arcadia will bring 25 of the children to the Pahokee Baptist church for a program Sunday night. Mr. Johns will also preach at the morning service. Members of the church will provide supper for the group of children Sunday evening.

Mr. and Mrs. Lloyd Hundley and son John Lloyd returned to their home in Pahokee Saturday from Ft. Myers Beach where they spent a month.

Ex-Marine Opens Pahokee Beauty Shop

A United States Marine with 8 years and four months service to his credit is back at home and opening his own business—a beauty shop temporarily located in the Thompson hotel in Pahokee. Wounded on Bougainville and wounded again on Guam, Marine Vernice Adkins was discharged from Uncle Sam's service Oct. 26, 1944. Deciding that he had better find some way to make a living, young Adkins took training in beauty culture, finished his course and worked several months before returning to Pahokee where he has been working quite a while in the Glades Beauty Center.

In his new shop and location ex-Marine Adkins has some splendid equipment and is ready to render an outstanding service in beauty work. His wife is at present taking a course in beauty culture and when she finishes she will join her husband in operation of the Pahokee shop.

Wildlife League Organized Friday

Members of the West Palm Beach Wildlife League met with Glades sportsmen at the 'Pahokee city hall last Friday night to organize a Canal Point-Pahokee unit. The following officers were chosen: L. G. Alderman, president; V. C. Denton, vice president; Claude Shirley, secretary; Jack Spencer, secretary and J. C. Mock, treasurer.

The board of directors is composed of the following: Thadd Whidden, J. H. Upthegrove, J. V. Thomas, Harold Rosenberg, Wiley Tillis. A boy of the community will be chosen to serve with the board of directors.

Dues were set at \$5.00 per year for men, \$1 per year for ladies and \$1 for children up to 18 years.

In an effort to secure a large membership so that the local unit of the league may get off to a good start a strong membership committee was named. The committee is as follows: V. C. Denton, Orin Bacon; Dow Geiger, Harold Rosenberg, Lee Kimball, Wiley Tillis, Claude Shirley, Bruce Elam and Gene Butler.

If you are a sportsman and wish to take an active part in Wildlife conservation, it behooves you to get in touch with any member of the committee and sign on the dotted line. You will enjoy being a member of the League and quite naturally you'll enjoy the fellowship of the many other members.

Masons Will Fete State Lodge Leader

The Everglades Masonic Lodge 211 F&M will honor Grand Master Frank A. Brown of Miami and District Deputy Grand Master, J. G. Weeks of Canal Point at a banquet at the Lions Hall on Tuesday at 6 p. m. J. V. Thomas and A. R. Harrington are in charge of arrangements. Following the banquet the Grand Master will pay an official visit to the Lodge at the Masonic Hall. Representatives from the seven Lodges in District 22 are expected to attend.

New Methodist Pastor Welcomed To Canal Point

The W. S. C. S. of the Canal Point Methodist Church will sponsor a reception for Rev. and Mrs. William T. Blair, the church's new minister and his wife, on Friday evening, July 12. The reception will be held at the parsonage.

Mr. Blair comes to Canal Point from the Addison Street Church in Chicago. His home town is Detroit, where he was a member of the Detroit Conference of the Methodist Church before transferring to Florida. He graduated from Wayne University in Detroit in 1943. While going to the university he was a full time employee at the Rouge and Willow Run plants of the Ford Motor Company. In the Fall of 1943 he went to Evanston, Illinois for his seminary work at Garrett Biblical Institute. He received his B. D. degree from that seminary in June of this year.

While attending the seminary he was the pastor of the Barkley Circuit of the Northwest Indiana Conference of the Methodist Church, later moving to Addison Street Church.

Mrs. Blair, the former Miriam West of Wilmette, Illinois, at one time resided in Fort Lauderdale. Before her marriage she was a teacher in and around Evanston. She received her B. E. degree from National College of Education after attending Ward-Belmont College in Nashville and Carlton College in Northfield, Minn. The couple were married in Wilmette on June 7th.

Mr. and Mrs. Blair arrived in Canal Point on June 29th to find the parsonage completely redecorated by members of the church. They confess that they had been hoping and working for a long time to arrange a transfer to Florida, where they are convinced of the greatness of the area and its promise of unbounded opportunity. The many friends they have made already. In the short space of ten days, they feel completely at home.

Group Singing Is Enjoyed By Lions

Group singing featured the program at the weekly luncheon meeting of the Pahokee Lions Club at the Lions Hall Tuesday. Malcolm Millar led the singing and the Rev. C. T. Howes, pastor of the Methodist Church, and Chaplain A. J. Lively, pastor of the Episcopal Church, sang a duet. They were accompanied at the piano by Mrs. H. C. Graham.

Ronald Stanley and Roy Pope who were recently discharged from the U. S. Navy, were present and spoke briefly on their experiences in the service. Arthur Spooner was welcomed as a new member with E. A. Jensen in charge of the welcome ceremony. Other visitors were W. E. Metcalf of Tampa and W. R. Enecks of Rocky Ford, Ga.

Harry Freeman, state road inspector, spent the Fourth of July holidays with his wife in Miami.

Welfare Worker Needed For Glades

Once more this newspaper is making an effort to help find some person who would be interested in working with the State Welfare Department. The job pays \$135 per month to start and there is a mileage allowance of 7½ cents per mile.

There are some strict qualifications but there is a possibility that in this emergency some of the red tape could be cut and a person with just ordinary plain horse sense might be put to work. If you are interested please call Mrs. Alice Mather, State Welfare Department, West Palm Beach. The phone number is 9772.

The particular applicant will be put to work in the Lake Okeechobee section of Palm Beach county and should be a resident of this area.

County Budget Is Up Over Last Year

A tentative general Palm Beach county operating budget calling for \$1,472,658 expenditures in the year starting Oct. 1 and fixing millages totaling 8.41 mills was adopted by the county commission Monday. The budget will be advertised for final adoption—possibly with some changes—on July 22.

Expenditures provided are \$416,794 more than were budgeted for the current year and the tax rate would show an increase of 2.93 mills over the current 5.48-mill total.

The proposed increases were attributed largely to proposed building and equipping of the new tuberculosis sanatorium and to increased costs of materials generally. Held responsible for one mill of the millage boost is a higher general road and bridge fund, which includes compensation to municipalities for their road work, in accordance with a state law.

Commissioners said \$190,000 tentatively is budgeted for establishing the sanatorium, plus \$20,000 as initial operating expenses.

All sections of the proposed budget show increased except that for mothers' pensions, which shows a \$1,448 cut. But commissioners said this was due to efforts to get the state to aid some of the pensioners and also to have some cash carried over. "No one who should have a mother's pension is being denied a pension," said Chairman John Prince.

The new budget fails to include funds for the county health unit as advocated by the state health department. Commissioners cited apparent lack of interest in the plan.

Making up the budget total are: General fund, \$583,352; fine and forfeiture, \$98,229; general road and bridge, \$405,650; mothers pensions, \$15,782; Detention home, \$25,597; county farm, \$74,479; agricultural encouragement, \$24,826; airport, \$36,154; anti-mosquito district, \$43,534; park, \$40,684; jail building, \$55,021; fee officials, \$69,350.

Besides the general millage levy there is set up tentatively one mill for road and bridge district No. 11.

Utility Tax Is Scheduled For City Of Pahokee

At a meeting of the Pahokee City Council Tuesday evening two ordinances were passed on the first-reading, one creating a new fire zone for the city and the other establishing a City utility tax to boost the revenue of the city.

At the request of Mayor T. C. Richardson the council authorized the garbage collection tax doubled and Attorney Thadd Whidden was asked to draw up an ordinance to that effect.

A letter was read from the State Board of Health requesting that repairs and improvements be made on the building being used for clinic in negro town. Marvin Cowart was authorized to have the repairs made.

Bids were opened from the Clevelston Motor Company for a Huber Maintainer with a mower attachment and a grading blade. Members of the council voted to purchase the maintainer for the street and sidewalk department.

Melvin Spooner, scoutmaster, appeared before the council and asked for permission to use the city owned land at the rear of the scout hut for scout activities. Clerk W. P. Walker was authorized to notify L. T. Keen who has been farming the tract for the past year that it is to be used for scout purposes.

The city budget for the ensuing year was set up. Mayor T. C. Richardson will announce the figures later.

Veterans Bureau Provided For In County Tax Set-Up

A tentative budget of \$22,475 for operating four veterans service offices in Palm Beach county in the coming year has been adopted by the county veterans' service committee. A subcommittee has been appointed to decide how to raise that part of the budget which is in excess of the \$20,000 maximum, budgeted by the county.

Making up the total of the veterans' budget are items of \$9,300 for the Everglades district; \$8,675 for the Palm Beaches; \$3,000 for Lake Worth and \$1,500 for Delray Beach.

County Commissioner Paul Rardin was one of the three commissioners who met with the county attorney early in 1945 and framed the law which was passed by the legislature and allows the county board to raise the \$20,000 yearly to carry on veterans' work throughout the county. The amount allotted to the Glades next year will provide for another service office at Belle Glade in conjunction with the one already in operation in Pahokee now under the direction of Claude Jones. A colored service officer will also be put to work in the Glades.

Mr. and Mrs. B. Elliott, Mr. and Mrs. Luke Fraser, Mr. and Mrs. Leon Spooner, Mr. and Mrs. W. A. Cross and Mr. and Mrs. Tolly Youngblood are attending the National Elks convention in New York City this week.

Nail Shortage

Nail shortages still stymie building in many sections of the country.

The country's largest nail producer reports it is receiving SOS calls from dozens of communities where building is completely suspended for lack of this small but vital item. The situation is most critical on the Pacific coast, because of the preponderance of frame construction there.

Nail men say the squeeze could be relieved materially if the Government would release more of its warehouse stocks. These are estimated in some quarters at between 40,000 and 60,000 pounds.—Wall Street Journal.

Cinematic Chatter

By Malcolm Millar

The offering at the Prince Theatre for this coming Sunday-Monday will prove an hilarious show for everyone. The story is "What Next, Corporal Hargrove?" (Please note that Hargrove has been advanced from buck private since the releasing of the picture "See here, Private Hargrove.")

Stars of the piece are Robert Walker, Keenan Wynn, Jean Porter, Chill Willis, Arthur Walsh. Story has to do with the boys in France trying to hoodwink the

populace and at the same time win a trip to Paris.

Hargrove falls in love with a pretty French girl and the fun really gets started, but the romance doesn't really bloom, for his companions intervene in a most embarrassing manner and rescue Hargrove.

There's a delightful romantic comedy running Tuesday-Wednesday, which will be pleasing to everyone, I'm sure. The story is "Too Young to Know". The stars are lovely Joan Leslie and Harry Davenport. Dolores Moran and Rosemary DeCamp are the "Helper-pouters," who sure do a grand job.

The story is delightfully funny, having to do with a whirlwind romance, a fast elopement, a "quickie" wedding and some mighty funny adventures after the wedding, when everything happens to this young couple.

40,000,000 people in these United States have read the daily column of the late and beloved Ernie Pyle, and they have all been mightily interested in this grand character.

Hollywood has turned out a picture, telling the story of his days with the boys in this war, which has proven to be one of the most interesting pictures yet to reach our screen. The picture is "G. I. Joe" and it is due to be screened Thursday-Friday.

Burgess Meredith was picked, after a long search, to play the role of Ernie Pyle, and, incidentally, Ernie's wife "That Girl" as he affectionately spoke of her, okayed the selection after making the statement that Mr. Meredith "was the nearest living thing to Ernie." In the cast with Mr. Burgess are Robert Mitchum as The Captain, Freddie Steele as The Sergeant and Wally Cassell as The Private. Of course there are thousands of others and the story is one that you'll never forget.

Saturday comes a double header. Featured is "The Spider Woman Strikes Back", with Gale Sondergaard and Kirby Grant in the leads telling weirdie story of mystery that'll keep you right on the edge of your seat.

The Western picture is "Code of the Prairie" with Smiley Burnette and Sunset Carson, and it really is an actionated piece of business. See you at the movies—Mal.

Unwin - Baker

Mr. and Mrs. William A. Baker of Canal Point announce the approaching marriage of their daughter, Miss Louise Elaine, to David W. Unwin, son of Mr. and Mrs. J. E. Unwin of Pahokee, on July 21 at the First Baptist Church in Canal Point. The ceremony will be performed at five o'clock in the afternoon.

Miss Baker and Mr. Unwin are both graduates of Pahokee high school, he graduating in 1942 and she in 1944. Mr. Unwin recently returned from three and one half years service with Uncle Sam, 18 months of which was spent overseas. He received the purple heart decoration for wounds received in action. Miss Baker since her graduation has been employed in the office of Mayor T. C. Richardson in Pahokee. They plan to make their home in Pahokee. Mr. Unwin is employed at Lawrence Will's Pioneer Service Station in Belle Glade.

Over 500 Plans And More Coming

We are offering the people of the Glades a complete plan service for homes, apartments, hotels, stores, anything where plans are used. With no obligation, come in and look them over, or call for an appointment. If you select one or more there will be a small charge for the print, but at the fraction of having them drawn by an individual architect.

We can, if you desire, build for you on our property or your own—any place in the Glades.

What Do You Think?

I read an ad in the Palm Beach Post the other morning and it said: "The price of milk is going up two cents today but actually this is not a price increase." Suppose I ran one and said: "The price of The Everglades News is going up one dollar today but actually this is not a price increase." I am of the opinion that a lot of my friends would think I suddenly had gone nuts. Maybe it is some of that double talk you've been hearing about.

HOME FROM WAR

Warren E. Cochran, T-4 of the 197th QM Truck company aviation, received his discharge recently at Fort Bragg, N. C. He served 31 months, 18 months of which he spent in Naples, Italy. He wears the following decorations: American theatre service medal, EAME service medal, good conduct medal, World War II victory medal, EAME occupation medal. He is now visiting his sister and brother-in-law, Mr. and Mrs. H. E. Uwin in Pahokee.

Ronald C. Stanley, Ph. M 3-c U. S. N. R., son of Mr. and Mrs. Ralph Stanley of Pahokee, received his discharge from the U. S. Naval Hospital Staff at Shoemaker, Calif., on July 1st. He is now home with his family and plans to enter Pre-medical school at Duke University in the fall. He is a graduate of the Pahokee High School, graduating with the class of 1945.

"My Audience," Topic Of Pahokee Pastor

The Rev. C. T. Howes, pastor of the Pahokee Methodist Church, announces that his subject for the morning sermon Sunday will be "My Audience." The subject for the evening sermon, "Advertising Heaven." Youth week will be observed next week in connection with the church vacation school now in progress. There will be special activities at the church each evening for the young people of the community, the senior and intermediate groups. The programs will include study, recreation and worship and will start at 7:30 and continue through 9:30 p. m. Covered dish suppers will be served several times during the

week at 6:30 p. m. prior to the programs. The theme for the week will be "To Serve the Present Age." The groups will be led in the activity by members of the youth comradeship team, Miss Dorothy Rowley, Miss Fay Tuten, Miss Nell-Howes and Miss Miriam Haynes. Teachers and officers of the intermediate groups will also assist with the activity.

Wilson - Bardin

Mr. and Mrs. Robert Bardin of Canal Point announce the marriage of their daughter, Miss Susan Elizabeth Bardin to Emmitt Vaughn Wilson, son of T. B. Wilson of Pahokee, at Okeechobee City on Sunday, June 30. Mrs. Goldie Durrance performed the ceremony. Mrs. Bonnell Burns of Canal Point and S. G. Burns of Pahokee were the witnesses.

Mrs. Wilson is a graduate of the Pahokee High School, graduating with class of 1940. She is employed in the Pahokee Drainage District Office in Canal Point. Mr. Wilson is engaged in the brokerage business in Pahokee. They will make their home in Pahokee.

Clewiston Paper Says USSC Boss Is The Human Sort

(From The Clewiston News)
Charles E. Wetherald returned the first of the week from a business trip to New York City and to Flint, Mich., rolled up his sleeves, literally, and went to work as the new executive vice-president of the United States Sugar Corporation. Named to this position following the recent resignation of Clarence R. Biting as corporation president, Mr. Wetherald came to Clewiston and spent ten days looking over the corporation properties and becoming acquainted with the per-

sonnel. He then returned north to wind up some business affairs before assuming the active management.

Interviewed by a News representative Tuesday morning Mr. Wetherald was very frank in stating that no changes in personnel were contemplated. "When an organization has as many employees who have stuck with it many years as the sugar corporation has, many of them cutting their eye teeth on a stalk of sugar cane, it would be ridiculous to look further for men more competent to fill their positions," Mr. Wetherald stated.

Mr. Wetherald, who spent forty years with General Motors, working up from a bench job in 1904 with the Buick Company to vice-president and general manufacturing manager of the Chevrolet Motor Company, also found time

to buy farms in Michigan and since 1926 has devoted most of his spare time to those farms. And both as a farmer and as an engineer Mr. Wetherald said, "I can very easily see that the possibilities of the Everglades as a producing area for sugar and other staple crops have not been exhausted by any manner of means."

The new general manager is affable and friendly and is certain to make a host of friends in Clewiston very soon. But behind the twinkle in his eye as he talks can be seen a hint of the qualities which permitted him to fight his way upward from the bottom to the very pinnacle of success in one of the largest corporations in America. His frankness of speech is refreshing and one quickly gains the impression that his dealings with employees and with the people of

the 'Glades will always be conducted on an open and above-board basis.

W. Harper Kendrick left Tuesday for Noma, Fla., where he was called at the death of his brother, Capt. Wendell Kendrick who died at his home in Washington, D. C. this week. Burial will be at the family cemetery in Noma.

Mr. and Mrs. Frank Rozelle have returned from a trip to Alabama, North Carolina, and West Virginia where they visited relatives for two weeks. Frank, Jr., and George and Jimmy their sons who accompanied them continued on to summer camps, Frank to Calvary Camp at Valley Forge, Pa., and George and Jimmy to Ridge Crest, N. C. They will be in camp for six or seven weeks.

Shortages are holding him back

We in Southern Bell have been adding telephones at the rate of 350,000 a year. But shortages have been growing worse, and now it's harder and harder for us to get materials for manufacturing and building.

We aren't complaining for we are in the same boat as everyone else. But we thought you might like to know the supply situation on some of the biggest items in the telephone business.

LEAD—There is a world shortage of lead. Even when conditions here straighten out, it will be some time before adequate supplies are available.

COPPER—In great demand but we will probably have adequate supplies when the smelting, refining and fabricating plants get going.

TEXTILES—Serious shortage of cotton and synthetic yarns, and fabrics, with demand greatly exceeding supply.

STEEL—Steel and coal strikes have

affected supply in face of unprecedented demand.

RUBBER—Synthetics are in fair supply but natural rubber is on Government allocation.

LUMBER—Scarce supply due to unprecedented demand and dislocation of lumber trade.

BRASS MILL PRODUCTS—Used in Central Office switches and other telephone equipment. Supply will be short until disturbed conditions are settled in the copper industry, permitting brass mills to get back to full-scale production.

It's a tough situation, but we aren't giving up, any more than you have given up trying to get butter or shirts.

We're doing the best we can with what we've got and hoping these disturbed conditions will end, so we can really go full speed ahead.

A New Booklet On DDT Facts and Fiction

has just been published from the pen of C. F. Ladeberg, manager of the Insecticide Division of the Kilgore Seed Company, which indeed is a most timely and informational treatise which should be in the hands of every progressive farmer.

To the end that this is possible Kilgore has supplied the stores at Belle Glade and Pahokee with a limited number of these booklets, which are free upon application. They are booklets that should be preserved for the farmer's library, as it will be a work often sought for, the latest and best information on DDT and its companion insecticides, for it contains the formula and manner of use of all the combinations possible of this important new WONDER insecticide, along with its chemical history and adapted uses.

Joe Hatton, Jr. Has Many Decorations

Joseph Leon Hatton, Jr., Ex-A1M 2-c USN, son of Mr. and Mrs. Joseph L. Hatton, Sr., of Pahokee, has been awarded the Distinguished Flying Cross and three gold stars by O. B. Hardison, Rear Admiral, U. S. Navy Commander Aircraft, Philippine Sea Frontier.

The Distinguished Flying Cross was awarded for extraordinary achievement while participating in aerial flight from April 21, 1945 to July 23, 1945. During this period he made twenty flights in a combat area where enemy aircraft fire was expected to be effective or where enemy aircraft patrols usually occurred.

The citation for the Gold Star in lieu of Second Air Medal reads: "For distinguishing himself by meritorious acts while participating in aerial flight. On July 29, 1945, while flying in a Navy Liberator search aircraft on a patrol of the Badjermasin area of Borneo, he participated in the destruction of one enemy vessel and in the damaging of five other enemy vessels. These attacks were carried out far from base at low altitude, and were made with a determination, daring and skill that was in keeping with the highest traditions of the United States Naval Service."

The citation with the gold Star in lieu of the third Air Medal reads: "For distinguishing himself by meritorious acts while participating in aerial flight. On May

16, 1945 while serving in a Navy Liberator search aircraft on patrol of the heavily defended enemy area of Celebes, he participated in the destruction of one enemy vessel, three warehouses, the damaging of three other vessels and a shipyard. These attacks were carried out in the face of enemy anti-aircraft fire far from base or friendly territory. His skill and courage under fire, aggressiveness and devotion to duty and the results he obtained all were in keeping with the highest traditions of the United States Naval Service."

The Gold Star in lieu of the Fourth Air Medal was awarded for a series of meritorious acts while participating in aerial flights from June 5, 1945 to June 21, 1945. The basis of the award was five flights in a combat area where enemy anti-aircraft fire was expected to be effective or where enemy aircraft patrols usually occurred.

In addition to these honors Hatton has three other Gold Stars awarded several months ago for meritorious service. He is attending summer school in West Palm Beach where he is making his home with his grandmother, Mrs. Sarah Hatton.

Milk Price Upped In Palm Beach Co.

Milk went up two cents a quart in Palm Beach County Tuesday, retailing at 22 cents. And possible further increases were predicted.

A statement advertised by Palm Beach county milk producers and distributors said:

"This two cents a quart goes directly to the farmer to reimburse him for his subsidy loss.

"For the past week the producers and distributors have maintained the price of milk, expecting a definite clarification of the status of government subsidies.

"It is impossible for farmers to continue to produce milk at a definite loss. In fact, it is doubtful that milk can be produced and distributed at these prices much longer with cost of feed, labor and supplies increasing from day to day.

"Your milk distributor will collect this additional two cents and pay it to the producer.

"If milk subsidy is restored by congress, the price of milk will be adjusted accordingly."

Mrs. Paul Watson and children Shirley and Karl are visiting relatives in Metter, Ga.

CHURCH OF CHRIST,
SCIENTIST

"SACRAMENT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, July 14.

The Golden Text is: "The cup

of blessing which we bless, is it not the communion of the blood of Christ? The bread which we break, is it not the communion of the body of Christ?" (1 Cor. 10:16.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And as they were eating, Jesus took bread, and blessed it, and brake it, and gave it to the disciples, and said, Take, eat; this is my body. And he took the cup, and gave thanks, and gave it to them, saying, Drink ye all of it." (Matt. 26:26, 27.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Their bread indeed came down from heaven. It was the great truth of spiritual being, healing the sick and casting out error. Their Master had explained it all before, and now this bread was feeding and sustaining them" (p. 33:6-10.)
